

# CHIAPPERA ADMIRING PROVENZALE

Start	Rifugio Campo Base
Climb	160 m
Max. altitude	1.687 m
Walking time	2h30'

We can start the hike indifferently in Saretto, Chiappera or Campo Base. Between Saretto and Chiappera it is better to walk the south side, among the larches, in the morning and to come back by the panoramic gravel road of La Crocetta in the afternoon, to enjoy the warmth of the sunset. Above Chiappera the hike follows the rivers among the willows at the foot of the Castello-Provenzale, towards the Stroppia waterfalls. Beautiful alpine architectures can be found in Chiappera and Saretto, where the WWII military cemetery remembers past difficult times.
